The schools of the Connellsville school district opened yesterday for the 1921-22 term with a new record enrollment. Although there is no definite total yet, it is estimated the number will approximate 2,800. The high school alone, it is believed, will be over the 1,100 mark, which is considerably larger than at the opening.

The routine of the day was more settled today and tomorrow will be the study institutions running entirely smooth. It was expected that there would see additional students enroll and there may struggle in during the week. The total is hardly expected to increase more than 100. The enrollment figures for this year, compared with those of 20 years ago show considerable growth in the public schools. In 1901 there were 106 scholars in the Connellville school, and the enrollment was less than half the number now enrolled.

The enrollment figures for this term, compared with those of 20 years ago show considerable growth in the public schools. In 1901 there were 685 scholars in the Connelisville schools or less than half the number now enrolled.

As the new students, entering the minor high school, had been previously instructed, AF schedules worked

it smoothly in that institution yesterday.

A meeting of the school board was held last evening but only routine business was transacted. The contract for the winter supply of coal was awarded the Blackstone Coal company. A number of bills were ordered paid. The coal contract calls for the delivery of nine foot Connellsville string coal to the various buildings 12 cents per bushel.

SCOTSDALE, Sept. 5.—At 3 o'clock on Sunday morning, as Patrolman August Hyde was making his rounds in the alley back of the south side of Pittsburg street, he heard a noise as he was nearing Stoner street. As the man struck the ground he and a companion started running. Hyde fired several shots but none took effect. The men were frightened away before they had stolen any goods. It is the belief of the officers that an automobile was hidden some place close.

## The Sporting World

### KOZAR PITCHES ONE-HIT GAME, COKERS EASILY BEAT MAXWELL

Chip Francis Has Double, Single and Base on Balls in Three Bats.

#### SHOMO, SHORTSTOP, STARS

Patrons of the national game who filled the available seating spaces at the Cokers' game, were treated to a side-lined, new game, baseball. Labor Day afternoon, when the Cokers, about the strongest Maxwell team, and when, incidentally, Kozar, the Coker pitcher, held the visitors to a single hit, was a day that usually would have been folded, but which in this case, blessed the hopes of fans that the young twirler would get through with a no-hit record. All through the game, "one hitting" was the only thing that distinguished himself. Not an error was chalked against the locals.

For six innings not a ball pitched by Kozar was knocked outside the infield. In the seventh, after Connellsville had scored four runs, one of which came in the fourth and three in the fifth, Kozar relaxed a little and one to deep left, Albie Fisher, was playing well and closer than usual to center field and the ball beat him by a few feet. Many fans were of the opinion that had two of Kozar's pitches in the seventh, Albie Fisher, the pitcher would have come through with a no-hit record.

Chip Francis was back in his old position in center. He smacked out a double and single and got a walk in three times at bat. Chip also broke a record of years, fans say, when he struck at a first ball pitched. He missed it, too.

#### Independents And Dunbar to Meet Saturday

In order that there can be no further dispute over the game played here Saturday between the Connellsville Independents and the American Manganese Manufacturing Company's team of Dunbar, the contest, which ended when Dunbar walked off the field following a dispute over a decision by the umpire, will be played over again this week-end.

A conference of officials of the two clubs on Monday it was determined that the dispute should not cause a severance of relations between the teams. The argument arose in the last half of the eighth inning when the Cokers had two men on base and two out. Dunbar was leading by a 4-3 score. H. Fisher, at bat, batted one to George, the second baseman, and all the runners moved around. "Hurry, hurry," yelled the fans. To some spectators it appeared George had made a shoe-string catch or Fisher's fly and to others it was a trapped ball. Umpire Warwick ruled the ball was a trap, having touched the ground before he had got it. Had the ruling been accepted by Dunbar the Cokers would have had the bases full. An argument resulted and the game was forfeited to Connellsville.

Yesterday it was talked over by the club officials and the contest arranged for Saturday.

The game was a see-saw affair, with one team leading, and then the other forging ahead. Dunbar scored in the opening frame when Frazier hit the first ball pitched for a triple. He scored when Jones threw wild over second. The Cokers scored in the fourth and fifth, only to have Dunbar come back in the seventh and eighth. In the game Saturday a neutral umpire will officiate. An effort will be made to bring Hans Wagner here, but if he cannot be secured a Pittsburgh association man will be hired.

#### PITTSBURGH CLUB WILL HANDLE ALL TICKET SALES

Tommy Rendine, proprietor of the Liberty Recreation parlors, who recently offered to sell tickets for the world series for the Pittsburgh Pirates, received a letter from S. W. Dreyfus, treasurer of the Pirates club, telling him that it would be impossible for him to do so. The following is a copy of the letter:

Mr. Tommy Rendine, Liberty Recreation Parlor, Connelville, Pa.

Dear Sir:—In reply to your letter relative to handling the sale of a block of world's series tickets in Connelville, Pa., to advise that we can not permit tickets to be handled by anyone other than the proper club officials. This is due to the fact that the sale of these tickets to any particular person or individual in Connelville, Pa., and also because, Connellsville has direct supervision over the distribution and we must have for each individual sale our own.

Thanking you for your good wishes for the Pirates, I am, very truly yours, S. W. Dreyfus, treasurer.

THE SOISSON.

Tomorrow and Thursday "Kazan," one of James Oliver Curwood's greatest stories will be presented.

## THE PARAMOUNT

The story revolves around a conspiracy against Kenneth Traynor, a young San Francisco business man who leaves his beautiful wife and little son for Africa to transact a business deal in the diamond fields. While there an enormous diamond is found and Kenneth is able to close the transaction favorably. He starts on his return journey to America with the diamond, but his valet conspires with Hincey, an adventurer to steal it. In a South African seaport he is set upon by thieves, but a stranger comes to his rescue and saves him. The stranger proves to be his long-segregated twin brother, "Handsome Jack," whom he has not seen in years. At sea the valet and Hincey again try to do away with Traynor and obtain the gem, but the explosion of a ship's boilers prevents the consummation of their plot. Kenneth, Traynor and Hincey lost "Handsome Jack" and the valet Francois proceed to San Francisco. There Handsome Jack enters into a conspiracy to obtain his brother's fortune by posing as his brother's long-lost son. "Handsome Jack" is successful in his plan. The return of the missing Kenneth in time to spoil the plot and Handsome Jack's atonement for his wrong-doing with his life figure in a most dramatic climax.

Tomorrow and Thursday Franklin Darnum will be seen in "The Last Chance."

## THE ORPHEUM

"THE RIGHT TO LOVE"—A Paramount picture opened three days ago at the Regency Theatre. The picture aside from telling a exciting story, contains artistic scenes that are a rare delight. Miss Murray and David Powell, the same talented players who were in "On With the Dance," are seen in the leading roles. Miss Murray is seen as Lady Falkland wife of the British representative at Constantinople, who is a woman of great character. A Prince Stanislaus to compromise Lady Falkland. In this way Lord Falkland hopes to secure a divorce and marry his mistress Lady Elith. Colonel Loring an American, played by David Powell strikes up a friendship with Lady Falkland and in a scene of great interest, the American Stanislaus Loring kills Lord Falkland. By a twist of fate he is acquitted in the subsequent trial. Miss Murray and Mr. Powell are seen to excellent advantage. Besides Miss Murray and Mr. Powell, the cast of "The Right to Love" includes Anna Tell a well known stage actress, a player who has had an important role in "The Fitzmaurice," "On With the Dance," Holmes & Herbert prominent leading man for Elsie Ferguson and many other stars, has the part of "Sir Archibald Falkland" and Macey Harlam, remembered for his film appearances in "The Dorothy Dalton," "Douglas Fairbanks," "Pauline Frederick" and others in the same vein. Others in the company include Frank Losee, Marcia Harris, and Little Lawrence Johnston.

And Open for Business Thursday Morning at 9 O'clock

You are cordially invited to call and look over the stock and the system of serving you.

While there are over 8,000 of these stores in operation through the west and south, they are new to this section. Their success is entirely due to their big buying power and the low expense of operation which puts the goods to the consumer at the lowest possible price.

THE TEN TEN STORE in Connellsville is one of a chain of 20 stores opening by the Ten Ten Company in this vicinity.

THE TEN TEN STORES handle only foods of NATIONALLY KNOWN BRANDS of established reputation. They sacrifice neither quality nor quantity, but serve you the best that the market affords at a substantial saving. These goods you take off the shelf or out of the refrigerator with your own hands and when you pay the cashier you are paying just for the goods and not the salaries of bookkeepers, collectors, telephone expense, delivery and truck expenses or contributing to a bad debt account.

Two-Story, Seven-Room House With  
Attractive Stucco Exterior Over  
Hollow Tile—Large, Broad  
Front Porch Screened In.

By WILLIAM A. RADFORD.  
Mr. William A. Radford will answer  
questions and give advice FREE OF  
CHARGE on all subjects pertaining to the  
subject of building for the readers of this  
paper. On account of his wide experience  
as Editor, Author and Manufacturer, he  
is, without doubt, the highest authority  
on all these subjects. Address all inquiries  
to William A. Radford, No. 1227 Prairie  
avenue, Chicago, Ill., and only inclose  
two-cent stamp for reply.

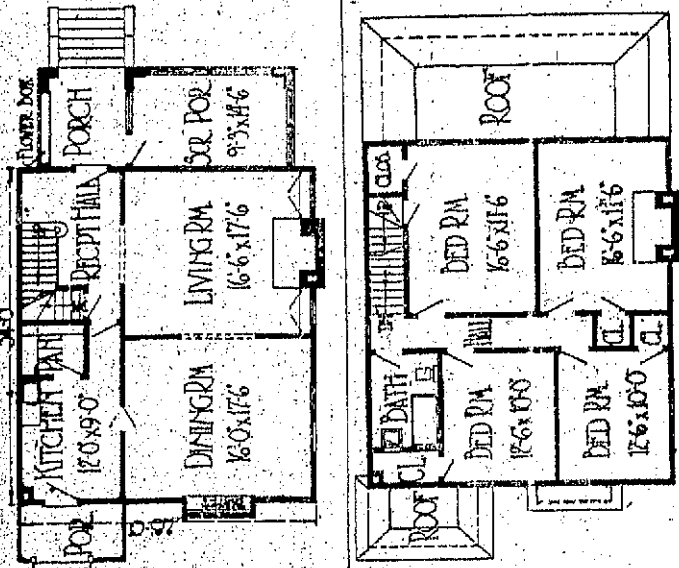

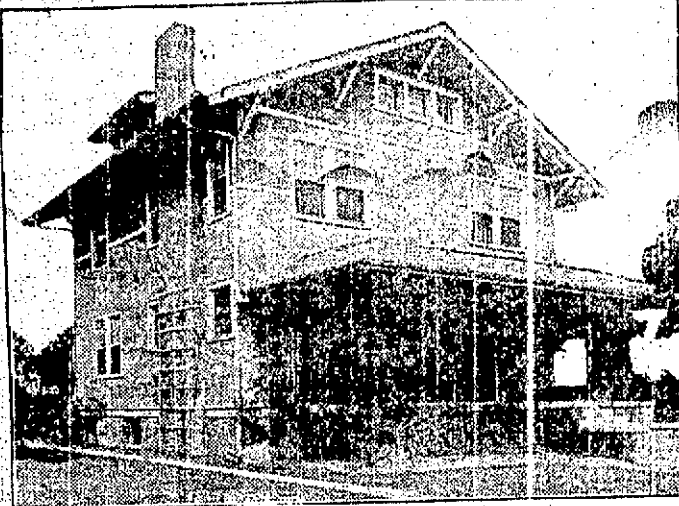

In building a home today the prospective owner has to take two important factors into consideration, cost and comfort. We all have different ideas of what these should be and that is why houses are built along such a wide variety of lines. To some the western bungalow, petite and individual, is very appealing; to others, the stately and dignified dwelling is just the thing, but there are still a great many who prefer the conservative, roomy, unpretentious type that personifies solid and substantial comfort.

To them the two-story house is an absolute necessity with its customarily four bedrooms on the second floor. This house is very often built rectangular shaped with either hip or gable roof. Inside the floor-plan arrangement is practically the same. The choice who prefer the gable roof type, the house shown here will possess considerable interest. It is one of those substantial, solid buildings that radiate a feeling of coziness and complete comfort. While giving an external impression of blingness it is by no means very large as the dimensions reveal. It is 28 feet wide and 34 feet long.

The exterior treatment is quite attractive, being a rough stucco over hollow tile walls. The basement foundation is solid concrete as are the front steps and porch platform. Stucco lends itself very readily to garden decorations such as vines and flowers and an artistic place of lattice or trellis work at advantageous points adds considerably to the charming appearance of the home.

The front porch, broad and spacious as it is, is most inviting. Part of it has been screened in to serve as a sun porch or sleeping porch. The other part is open and leads the way to the front door and reception hall. As the left of the reception hall is a wide open doorway into the living room which is 16 feet 6 inches by 17 feet 6 inches. It has a triple window on the porch side and two small windows on the opposite wall to furnish light. There is also a large brick fireplace with supplemental wall bookcases on each side.

Along with just a back of the

Second Floor Plan.

living room and connected with it by another double open doorway, is about the same size. It has windows on two sides and a built-in buffet at one end. The kitchen is located at the rear. It is small in comparison to the other rooms, but contains all that the housewife needs to carry on her work efficiently and quickly. Being upstairs we find the sleeping room and bath. Four bedrooms are grouped about a central hall. Of these rooms the two front bedrooms are the largest, being 12 feet 6 inches by 12 feet 6 inches each. In one of the front bedrooms the fireplace has been built just above the main fireplace in the living room below. This makes this room a very cozy retreat. It can be converted into a library or den without much trouble.

The two rear bedrooms are not as large as those just described, but are ample for the needs of a family and well lighted and ventilated. It is important to build in enough window space in the modern home. The old idea was to keep as much air out as possible in sleeping rooms. One

first and the "biggest" to appear with the warm days and the turning of thoughts to red and tackle. The scene of the story is placed on Lake Champlain, near Westport. "A chap who must be the owner of the original gold mine" got a bite that made his back teeth rattle and shook the jewels out of his watch. After a knockdown and drag-out fight he landed a big pickerel. Upon dressing it he found the pickerel contained a pike. The pike had surrounded a good-sized perch, which in turn, was found to contain an ice fish. All this on one bait."

### His Version.

One of the banks richest clients had died and the employees were discussing him. "He began to amuse his family when he was a young man," eagerly remarked the young clerk who was inclined to be very thrifty. "I often have heard him say that he lived on a farm and that while the other young fellows in his neighborhood were out having a good time he stayed at home and hunted eggs." "You," agreed the one who was inclined to be a spendthrift, "and because he hunted so diligently for those eggs all his boys ever have to do now is just to go out away from home and chase the chickens."

### FRENCH LEARN BASEBALL

A French baseball nine trimmed a United States navy team at the Bois de Boulogne recently by a score of 12 to 11. It is said that they displayed plenty of "pep," dash and daring on the bases. They hit well, but use a chop stroke, without swinging through. This is said to have been the first game ever played in France between French and American teams.

### Baseball Notes

William McKinley, semipro ball tosser, has been signed by the Cubs.

There is nothing left of the champion Giants of 1917 except Burns and Sallee.

Barney Dreyfus is one of the leading members of the Westmoreland Golf club.

The Mead family in baseball is united in the same city if not on the same club.

Wonder if the Galveston "Sandcrabs" got their name through a tendency to go backwards.

The Kemp, former Boston college first baseman, is to be given a trial with the Cleveland team.

Another excellent name for a ball player is Plamond, who catches for the Denver team of the Midwest league.

Jeff Tesaron, former Giant pitcher, has signed a contract to join the Durham baseball team for the next three seasons.
